1. Unaudited performance – net returns are calculated using the current NAV (see Note 3) plus the monthly provision for distribution as a percentage of the prior month ex-NAV and assumes reinvestment of income. Past performance is not a reliable indicator of future performance. ASIC Regulatory Guide 53 states that data relating to a period of less than 12 months will usually be insufficient to assist prospective investors to make a decision as to whether to invest in an investment vehicle. Accordingly, prospective investors should obtain and read a copy of the product disclosure statement (PDS) for the Fund before deciding whether to invest in the Fund. The total net fund returns shown are prepared on the net asset value unit price (i.e. after taking account of ongoing fees and expenses). They do not take your personal taxation into account.
2. Fund inception date is 13 May 2015.
3. The Fund's unit price is the net asset value (NAV) per unit. The NAV is calculated using the gross assets less liabilities (including fees, costs and the provision of distributions payable), Fund asset values have been calculated using unaudited data for the month being reported.
